Design and construction of environmentally friendly pavement materials; 2. Future-oriented intelligent sensing road materials and construction technology; 3. Cooperative design method of pavement material performance and function;

Jixiaoping 纪小平

Email: jixp82@163.com

Home Page : <http://js.chd.edu.cn/glxy/jxp/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Recycling of solid waste in the pavement
2. Environmentally friendly pavement materials
3. Self-repairing pavement materials
4. The theory and utilization technology of road piezoelectric energy conversion

Guoyinchuan 郭寅川

Email:

Home Page : <http://js.chd.edu.cn/glxy/gyc/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Research on pavement structure, pavement materials and preventive maintenance
2. Design of road cement concrete composition
3. Research on durability of pavement concrete under multi-field coupling

Liuyu 刘玉

Email: yul@chd.edu.cn

Home Page : http://js.chd.edu.cn/glxy/ly_7601/list.htm

Specialty: Road Engineering

Research area or direction:

1. Composition design and performance evaluation of road mixture
2. Multi-scale numerical model and virtual simulation platform
3. Reinforcement of old roads and key technical indicators

Wangxuhao 王旭昊

Email: wangxh@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/wxh100/list.htm>

Specialty: Road Engineering

Research area ordirection:

- 1.Mix design optimization and durability of high performance concrete for pavement and bridge in special areas
- 2.Applicability of artificial intelligence and computer identification technology to structural concrete and self-compacting concrete

Meikuihua 梅葵花

Email: meikuihua@163.com

Home Page : http://js.chd.edu.cn/glxy/mkh_en/list.htm

Specialty: Bridge Engineering

Research area ordirection:

- 1.Application of high performance fiber composites in bridge engineering
- 2.The construction control of long-span bridges
- 3.Bridge evaluation and reinforcement

Zhanggang 张岗

Email: zhanggang@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/zg/list.htm>

Specialty: Bridge Engineering

Research area ordirection:

- 1.Structural theory and calculation of bridge Engineering
- 2.Structural behavior of bridge under fire condition
- 3.Evaluation of bridge under fire condition
- 4.Inspection, evaluation and strengthen of bridge engineering

Zhuweiqing 朱伟庆

Email: zhuweiqing@chd.edu.cn

Home Page : http://js.chd.edu.cn/glxy/zwq_en_1721/list.htm

Specialty: Bridge Engineering

Research area ordirection:

- 1.Composite structures and composite bridges
- 2.High-performance materials and structures: High strength concrete. Jointless bridges

Heshuanhai 贺拴海

Email: heshai@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/hsh/list.htm>

Specialty: Bridge Engineering

Research area ordirection:

- 1.Bridge structure theory
- 2.Theory and method of bridge structure safety evaluation
- 3.Theory and method of bridge structure reinforcements

Wuxiaoguang 邬晓光

Email: wsgwst.cn@126.com

Home Page : <http://js.chd.edu.cn/glxy/wxg/list.htm>

Specialty: Bridge Engineering

Research area ordirection:

- 1.Inspection and evaluation of bridge structures
- 2.Bridge reinforcement and maintenance technology
- 3.Research on construction monitoring system
- 4.Highway engineering project management and construction

Liuyongjian 刘永健

Email: liuyongjian@chd.edu.cn

Home Page : http://js.chd.edu.cn/glxy/lyj_en/list.htm

Specialty: Bridge Engineering

Research area ordirection:

- 1.Theory and application of steel bridge, steel-concrete, steel-wood composite structure bridge
- 2.Bridge industrial construction technology
- 3.Calculation theory of temperature action and effect of bridge structure
- 4.Technical consultation of bridge engineering design and

Liangpeng 梁鹏

Email: BridgeDoctor@qq.com

Home Page : <http://js.chd.edu.cn/glxy/lp/list.htm>

Specialty: Bridge Engineering

Research area ordirection:

- 1.Bridge safety monitoring
- 2.Bridge construction and maintenance platform
- 3.Deep integration of IT technology and bridge engineering
- 4.Bridge structure theory

Wangxiaoming 王晓明

Email: wang_xiaoming@qq.com

Home Page : http://js.chd.edu.cn/glxy/wxm_1693/list.htm

Specialty: Bridge Engineering

Research area ordirection:

- 1.Reliability analysis and optimization of long span cable system
- 2.Decision-making on the construction and maintenance of existing Bridges
- 3.Research and development of new technology for bridge construction

	<p>Zhouyongjun 周勇军</p> <p>Email: zyj@chd.edu.cn</p> <p>Home Page : http://js.chd.edu.cn/glxy/zyj_en_1340/list.htm</p> <p>Specialty: Bridge Engineering</p> <p>Research area ordirection:</p> <ol style="list-style-type: none"> 1.Bridge dynamic 2.Bridge inspection 3.Briding monitoring during construction 4.Bridge field test

Dushaowen 杜少文

Email: dushaow@163.com、 dushaow@gmail.com

Home Page : <http://js.chd.edu.cn/glxy/dsw/list.htm>

Specialty: Road Engineering

Research area or direction:

Engaged in scientific research in the field of road engineering, research directions include: design principles of pavement structure and materials, pavement regeneration and maintenance technology,

Youqinglong 游庆龙

Email: youqinglong0730@163.com

Home Page : <http://js.chd.edu.cn/glxy/yql/list.htm>

Specialty: Road Engineering

Research area or direction:

Mainly engaged in road maintenance and evaluation, safety evaluation of pavement structure, roadbed engineering, airport pavement engineering.

Xujinzi 徐金枝

Email: 609898628@qq.com

Home Page : <http://js.chd.edu.cn/glxy/xjz/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Pavement material and structure design;
2. Modification technology of asphalt and asphalt mixture;
3. Environmentally friendly road construction technologies such as

Fengzhengang 冯振刚

Email: fengzhengangtop@126.com

Home Page : <http://js.chd.edu.cn/glxy/fzg/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Research on modification of road building materials and long-term service performance
2. Research on resource utilization of waste materials
3. Research on new type analysis and testing technology of road engineering

Weikun 魏堃

Email: weikun@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/wk/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Design and development of road functional materials
2. New pavement structures and materials
3. Asphalt and asphalt mixture modification technology.

Xuxiaojian 徐晓建

Email: xuxiaojian@mail.nwpu.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/xxj/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Structural mechanics in pavement engineering, micro-/nano structural mechanics
2. Mechanical behaviors of magnetoelectric composite materials and

Liuzhuangzhuang 刘状壮

Email: zzliu@chd.edu.cn

Home Page : http://js.chd.edu.cn/glxy/lzz_en/list.htm

Specialty: Road Engineering

Research area or direction:

1. Materials behaviors under variable climates
2. Pavement engineering for special regions
3. Low-carbon footprint building materials and pavement system

Wangxuhao 王旭昊

Email: wangxh@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/wxh/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Ratio design and durability of high-performance cement concrete for pavement and bridge in special areas
2. The workability, rheology, durability, rapid repair and maintenance of high-performance cement concrete and sustainable development
3. Applicability of artificial intelligence and computer recognition technology to structural concrete and self-compacting concrete
4. Study the design of self-compacting concrete based on particle accumulation theory and its application in cast-in-place bridge structures

Wenyong 温永

Email: wy-1026@163.com

Home Page : <http://js.chd.edu.cn/glxy/wy/list.htm>

Specialty: Road Engineering

Research area or direction:

1. Aging behavior and mechanism of asphalt
2. Research and development of new green materials
3. Asphalt pavement durability

	<p>Xiaolili 肖莉丽 Email: llxiao@chd.edu.cn Home Page : http://js.chd.edu.cn/glxy/xll/list.htm Specialty:Geotechnical and Tunnel Engineering Research area ordirection: 1.Slope stability evaluation 2.Engineering treatment of unstable slopes 3.Landslide dynamics and landslide generated tsunami 4.landslide hazard zonation and risk assessment</p>
	<p>Hutaotao 胡涛涛 Email: tthu@chd.edu.cn Home Page : http://js.chd.edu.cn/glxy/htt_en/list.htm Specialty:Geotechnical and Tunnel Engineering Research area ordirection: 1.Tunnel engineering 2.Rock mass mechanics</p>
	<p>Yinpeijie 尹培杰 Email: peijie.yin@chd.edu.cn Home Page : http://js.chd.edu.cn/glxy/ypj/list.htm Specialty:Geotechnical and Tunnel Engineering Research area ordirection: 1.Characterization of microstructure of geo-material based on X-Ray CT 2.Three dimensional reconstruction of pore structure based on simulated annealing method 3.Single and multi-phase flow through fractured porous media based on Lattice Boltzmann Simulation 4.Numerical simulation based on discrete element modeling</p>

Qiu Junling 邱军领

Email: junlingqiu@chd.edu.cn

Home Page : <http://js.chd.edu.cn/glxy/qjl/list.htm>

Specialty: Geotechnical and Tunnel Engineering

Research area ordirection:

1. Tunnel Construction Technology under Complex Geological Conditions
2. Structure Response Law of Loess Tunnel under Water Environment
3. Influences Analysis of Underpass Structures in Metro Tunnels

Gao Qidong 高启栋

Email: qdgao@chd.edu.cn

Home Page : http://js.chd.edu.cn/glxy/gqd_en/list.htm

Specialty: Geotechnical and Tunnel Engineering

Research area ordirection:

1. Engineering blasting (Rock blasting excavation/exploitation)
2. Rock dynamics
3. Civil and hydropower engineering construction
